

Abdullah Omer

Product Designer 6+ years of experience creating mobile apps, dashboards, and multi-platform products across EdTech, FinTech, and enterprise. Skilled in UX research, design systems, and prototyping with a strong focus on connecting user needs to business goals. Known for critical thinking, curiosity, and a problem solving mindset that goes beyond surface-level design.

Design Projects

UX Audit | Mobile

UX audit of QFA 2025

Led the end-to-end redesign of Quran For All (1M+ downloads, 200K daily users), from UX audit and research (~1,900 survey responses, 6 usability sessions) to a shipped new navigation, home screen, and player. Post-launch testing: save-for-later completion 0% → 92%, player ease 2.1 → 4.5/5.

GEN AI | JOB SEARCH | CHATBOT EXPERIENCE

Talent AI 2024

Enhancing job search experience through a WhatsApp Chatbot that guides and assists users with personalized opportunities.

Podcast | Audio Content

Google Podcast Redesign 2024

Redesigned Google Podcasts through a usability audit and user research, creating a more intuitive and engaging listening experience.

Present

Product Designer
AL-HUDA WELFARE FOUNDATION · Full-time
Led the end-to-end redesign of Quran For All (1M+ downloads, 200K daily users), from UX audit and research (~1,900 survey responses, 6 usability sessions) to a shipped new navigation, home screen, and player. Post-launch testing: save-for-later completion 0% → 92%, player ease 2.1 → 4.5/5.

May 2024
Jan 2025

Product Designer
Avialdo · Full-time
Improved the landing page and navigation of a white-label platform used by multiple U.S. labor unions, and redesigned Avialdo's company website. Led a UX audit of the internal tool used to set up new union clients, redesigning key flows to make onboarding faster.

Mar 2023
April 2024

UI/UX Designer
Veroke · Full-time
Led the UX design of Talent AI, a Gen AI WhatsApp chatbot that guides job seekers to personalized opportunities (full case study linked below). Also designed websites, dashboards, and smart TV apps, and contributed to enterprise projects such as American Express.

Jan 2022
Mar 2023

UI Designer
Hello World Technologies · Onsite
Worked as a UI Designer on multiple projects, including websites, apps, and dashboards, delivering high-fidelity interfaces and maintaining design consistency across platforms.

Sep 2020
Jan 2022

Graphic User Interface Designer
Cryptoexpress · Full time
UI Designer for a Thailand-based e-commerce app at Crypto Express, designing high-fidelity interfaces and maintaining visual consistency across the platform.
